

Monthly Prayer Update - January'22

Dear Friends of Transom Trust

Happy New Year to you all. We hope you had a peaceful and joyful Christmas and start to 2022 amid the ongoing uncertainty as to how this year will pan out. One thing is for sure, we can continue to rely on Faithful Father God to provide everything we need to make the most of all the opportunities that arise in 2022, and to meet all the challenges we may also face over the coming 12 months. On that note, here is our latest Monthly Prayer letter with updates on all areas of Transom Trust life - including our exciting plans for 2022, as well as the challenges we face. We hope you find this update encouraging and useful. Thank you so much for your ongoing prayer support - your prayers for us are amazing, much needed and powerful. With love and regards, Sue Worthing, Chair of Transom Trust Trustees

Giving thanks for

- **Friday 7th January** – in very sad circumstances the funeral and wake for one of our residents (supported by Transom Trust) honoured him, his family & The Lord.
- **Our Residents and Team** who are involved in Transom Trust life on a daily basis. For their commitment, focus and invaluable support to: improve lives; progress residents towards independent living; and run the charity well to provide high quality accommodation and support (as commended by Green Pastures).
- **The funding** we have received from Foyle Foundation and Battle Baptist Church to help extend the project manager role until March'22. Also for the three other funding bids that we have been able to submit.
- **The two-bedroom flat in Bexhill** – that it should be ready to use for supported housing by May'22.
- **Our new resident** – who has settled well in to his Transom flat since 16th December.

Please pray for....

- **Our residents** – one (D) to find a permanent job and resolve housing benefit issues; one (N) to respond to the treatment he needs to improve his long term health; and another (J) to co-operate to address housing benefit, rent and other issues to protect his license and supported housing.
- **Suitable referrals** to come before the Trustees to fill current and potential vacancies in St Leonards and Bexhill. Also for **our Trustees** as they: consider and select potential new residents; discuss and decide strategies for developing the work of Transom Trust; and ensure finances continue to be handled wisely.
- **Progress with our Bexhill properties** – for the purchase, and fire safety and other upgrade work with the two-bedroom flat, to be completed on time so we can use this property to support two new residents by May'22. Also for issues on another property – with probate, the sale, and upgrade work – to be resolved and completed as soon as possible ...so we can support three more residents.
- **Our bids for funding** from Laing Family Trusts, Anchor Foundation, Sussex Community Foundation, and Screwfix Foundation to be successful so we can secure funds to: further extend the project manager role; and upgrade and equip our two new properties in Bexhill.

“May everything that Transom Trust stands for and does bring God the glory. Amen!”
